Butler Hospital is a major brain science research and teaching hospital for psychiatric, movement and memory disorders. As Rhode Island's only private, nonprofit psychiatric and substance abuse hospital for adolescents, young adults, adults and seniors, Butler is focused on advancing the understanding of brain based illnesses and on developing innovative treatments to improve the lives of people who suffer from them. Worldwide, Butler is recognized as a pioneer in conducting cutting-edge research as the major affiliated teaching hospital for psychiatry and behavioral health at The Warren Alpert Medical School of Brown University.

Care New England Medical Group was established in 2016 to bring together Care New England's health care providers to collaboratively deliver high-value care. Governed by providers, the multi-specialty group is focused on increased access to patient-centric services to improve the overall health of the community we serve.

Integra Community Care Network, LLC is a CMS certified Accountable Care Organization with more than 120,000 covered lives. Its participating provider network includes Rhode Island Primary Care Physicians Corporation (RIPCPC), Care New England and South County Hospital and employed and affiliated physicians. Integra was also named as an Accountable Entity by the RI Executive Office of HHS and assumed responsibility for more than 30,000 Rite Care participants, effective January 1, 2016.

Kent Hospital, the second largest hospital in Rhode Island and a Designated Baby-Friendly® USA hospital, provides the spectrum of primary and acute care services, including cardiology enhanced by a clinical affiliation with Brigham and Women’s Hospital; weight loss surgery program; emergency department with rapid assessment; the Breast Health Center at Kent, a collaboration with Women & Infants Hospital; The Rehabilitation Center at Kent, offering inpatient and outpatient rehabilitation; the state’s only 24-hour emergency hyperbaric oxygen facility; the Stroke Center; and an ambulatory surgery center. Kent Hospital is an affiliate of the University of New England College of Osteopathic Medicine (UNECOM) for medical education.

The Providence Center is at the forefront of innovative approaches to behavioral health care designed to meet the changing needs of the more than 18,000 Rhode Islanders it serves each year. TPC provides more than 60 programs and wraparound services, including food and housing, recovery support services, job training, legal services, primary care and wellness activities.

VNA of Care New England is a non-profit, Medicare- and Medicaid-certified visiting nurse, home health care, and hospice agency. Named a Top Agency of the 2017 HomeCare Elite®, a recognition of the top performing home health agencies in the U.S. Since 1908, the agency has been a trusted community resource, providing Rhode Islanders with quality health care in their homes, including a comprehensive line of cardiac, pulmonary, rehabilitative, palliative care, and hospice services.

Women & Infants Hospital is the region’s premier hospital for women and newborn children and a Designated Baby-Friendly® USA hospital. A major teaching affiliate of The Warren Alpert Medical School of Brown University, it is the nation’s ninth largest stand-alone obstetrical service and operates one of the nation’s largest single-family room neonatal intensive care units. It is also the premier hospital in the region for women seeking treatment for infertility, incontinence, gynecologic and breast cancers, high-risk and normal obstetrics, postpartum depression, gastrointestinal disorders, and other medical conditions.
