Care New England Health System is a trusted organization that fuels the latest advances in medical research, attracts the nation's top specialty-trained doctors, offers quality services and innovative programs, and engages in the important discussions people need to have about their health. Care New England is helping to transform the future of health care, providing a leading voice in the ongoing effort to ensure the health of the individuals and communities we serve.

Backed by a broad range of care—primary care, surgery, cardiovascular care, oncology, psychiatry, behavioral health, newborn pediatrics and the full spectrum of women’s health services—CNE is helping to reinvent the way health care is delivered, partnering with our patients to provide the best care possible while working to create a community of healthier people.

Butler Hospital is a major brain science research and teaching hospital for psychiatric, movement and memory disorders. As Rhode Island’s only private, nonprofit psychiatric and substance abuse hospital for adolescents, young adults, adults and seniors, Butler is focused on advancing the understanding of brain-based illnesses and on developing innovative treatments to improve the lives of people who suffer from them. Worldwide, Butler is recognized as a pioneer in conducting cutting-edge research as the flagship psychiatry hospital for The Warren Alpert Medical School of Brown University.

Kent Hospital, the second largest hospital in Rhode Island, provides a full spectrum of primary and acute care services, including cardiology services enhanced by a clinical affiliation with Brigham and Women’s Hospital; weight loss surgery program; emergency department with rapid assessment and virtually no wait; the Breast Health Center at Kent, a collaboration with Women & Infants Hospital; The Inpatient Rehabilitation Center at Kent, the state’s only 24-hour emergency hyperbaric oxygen facility; the Stroke Center; and an ambulatory surgery center. Kent Hospital is an affiliate of the University of New England College of Osteopathic Medicine (UNECOM) for medical education.

Memorial Hospital is a major teaching affiliate of The Warren Alpert Medical School of Brown University and a site for the medical school’s family and internal medicine academic programs. Memorial provides a variety of outpatient health services for the people of northern Rhode Island and southeastern Massachusetts, including oncology, cardiology services enhanced by a clinical affiliation with Brigham and Women’s hospital, rehabilitation, pain management, pediatric neurodevelopmental, orthopedics, and diagnostics. In addition, the hospital offers a fully staffed emergency department with behavioral health support.

Women & Infants is the region’s premier hospital for women and newborn children. A major teaching affiliate of The Warren Alpert Medical School of Brown University, it is the nation’s 12th largest stand-alone obstetrical service and operates one of the nation’s largest single-family room neonatal intensive care units. It is also the premier hospital in the region for women seeking treatment for infertility, incontinence, gynecologic and breast cancers, high-risk and normal obstetrics, postpartum depression, gastrointestinal disorders, and other medical conditions.

VNA of Care New England provides a broad spectrum of home health, hospice and private duty nursing services for new mothers, the elderly and the terminally ill. A trusted community resource, VNA offers bereavement support groups, health screenings and community education sessions in an effort to maintain healthy communities.

Care New England Wellness Center combines hospital expertise with personalized guidance to offer an array of wellness, nutrition, fitness and educational programs for people of all ages. Personalized wellness programs that include nutrition counseling and supervised fitness plans are created to help manage medical issues such as diabetes and heart disease.

The Providence Center is at the forefront of innovative approaches to outpatient behavioral health care designed to meet the changing needs of the more than 13,000 Rhode Islanders it serves each year. TPC provides more than 60 programs and wraparound services, including food and housing, job training, legal services, primary care and wellness activities.
