March & April

## Thankful Mom's Bracelet Marks Our Spot

Kaitlin and Kyle came to us to conceive three children. Having faced down multiple setbacks, Kaitlin commemorates her success by wearing a bracelet with the latitude & longitude of our clinic.

How they found their way to family

## A Day in the Life of Your Fertility Doc

Dr. Eden Cardozo provides an insider's look at a typical day treating patients at the Women & Infants' Fertility Center.

## Groundbreaking Fertility Testing

Dr. Ruben Alvero was interviewed for an article about an innovative test that determines how many eggs a woman has.

Hope, heartbreak & happiness

Test OB-GYNs may overlook

## Lynne Browning, CNM

“My approach is very patient centered, individually addressing patient care plans to assist the uniqueness of each family.”
