RI's First IVF Clinic Turns 30

From a 20 x 20 foot lab in 1986 tucked in a back hallway past the cafeteria to our entire clinic today designed around the lab.

[Giant leap in IVF tech](#)

John Buster, MD

"I am deeply devoted to my medical practice and to the wellbeing of the women I care for. I strive to be a good example to others as a skilled professional and want to share my knowledge with patients and other physicians learning the reproductive endocrinology and infertility specialty."
