National Infertility Awareness Week

## Answers for Infertility Awareness Week

We support National Infertility Awareness Week's goal of breaking down all barriers to parenthood, and lack of knowledge is one of them.

**Causes, treatments, & when to seek help**

## Her Own Struggle Opened Her Eyes

"You don't realize how many people are facing infertility until you are going through it yourself," says Heather.

[Overcoming infertility twice](#)

## A Step Ahead of Infertility

Individuals and couples can preserve their future reproductive options for medical and social reasons.

## Richard Hackett, IVF Lab Manager

"The thing I like most about what I do is seeing happy new parents and their beautiful babies. Nothing can beat that."
