# Fertility Forum

National Infertility Awareness Week

## Flip the Script on Infertility

It's National Infertility Awareness Week, a chance to #FlipTheScript on preconceived notions about infertility. It is not uncommon, it does not discriminate and it is often treatable.

## Faces of Success

No two patient stories are the same. Each follows a unique script in overcoming infertility hurdles, with the help of our doctors and staff.

## A Family for All

Our monthly infertility support group offers care and community to single women and lesbian couples as they embark on the path to parenthood.

## Ruben Alvero, MD

"I strive to be patient, transparent and candid with patients. I understand that they want to know the truth, and while sometimes the truth can be hard, in the end they are appreciative of honesty and forthrightness."
